If you would like to contact us...Please ring the church office on
01462 730521

King's Baptist Church

Proclaiming Jesus in Today's World!

Family Matters...

We are currently going through the teaching series 'Will God really dwell on the Earth?'. As we listen, talk and learn together it's important for us to pay attention to the golden nuggets of wisdom that are placed before us. One of these nuggets came from Pauline as she preached on 'His presence in the Tabernacle'. Pauline used the phrase 'God in residence' to describe God's relationship with us. We were created to have a relationship with God and so it makes sense for us to consider what that looks like.

Residence means 'a person's home' and 'living in a particular place'. As Christians, we should be longing to have God residing in us, making ourselves available to let God have his home in our hearts. The verses of 1 Corinthians 6:19 tell us that our 'bodies are temples of the Holy Spirit' which means they were made to have God's presence dwelling within. There are two things that this means for our daily lives. Firstly, it means that we should be willing and open to invite the Holy Spirit into our lives every day so that we can hear and feel His promptings, however this may be; whether the prompting is in the form of a strong visual picture directly from God, or a subtle persistent thought that won't go away. And secondly, we should be willing to **act** upon these promptings. It's a lot more exciting to open ourselves up to the presence of God and then use the gifts we receive.

Residence is home. Therefore it is a place of love, a place of nurture, a place of peace, a place of safety, a place of excitement, and a place of joy. Let's have God in residence in us so that we may take His blessings out into the world to those who need it.

Jonny

March 2020
